

We are excited about our upcoming litter, due around May 23, 2013. Our goal is to breed sound and healthy dogs with great temperaments and place them in performance homes or active households where they will be included in family activities and kept busy. A busy PWD is a happy PWD, and happy PWDs are the primary objective!

Suzanne is a member of the Portuguese Water Dog Club of America and the Pacific Northwest Portuguese Water Dog Club, serving as a PWDCA water trial judge, and on the Board and water committee for the PNWPWDC. Jan is an avid golfer, but takes an active role in caring for the dogs. When we have an occasional litter, Jan is an excellent puppy midwife. Lookout

Portuguese Water Dogs is recognized by the American Kennel Club as a Breeder of Merit.

“Ecko” (CH U-CH Lookout’s FV Ocean Fury NA OAJ WWD SR0M) will be the dam of this litter. Ecko is a 5-year old parti-colored curly. She is 19-inches tall and weighs 45 pounds. Ecko is a solid and healthy girl with sound structure and beautiful movement. She excels at whatever venues we train her in and loves to learn new things. She is smart, and very full of herself. When she isn’t busy trying to take over the world, she is a very sweet girl and likes to be a lap dog. Ecko is OFA Good for hips, OFA normal for elbows, Optigen Normal (PRA non-carrier), Improper Coat carrier, CERF clear,

GM-1 Normal (non-carrier), and JDCM 1-1 (normal).

The sire of the litter will be Pepin (CH MACH4 Neocles Pepin Waves of Hope RN MXB2 MJS2 NF AWD SR0M). Pepin is a 5-year old black wavy with white markings. Pepin is a wonderful intense biddable working dog with a marvelous, loving, happy personality. He has sired several litters previously, with pups from those litters earning both conformation and performance accolades as well as being happy dogs with outgoing, energetic personalities. He is titled in conformation, agility, rally obedience, and PWDCA water work. Pepin was High in Trial for agility at the 2012 PWDCA National Specialty. Pepin is OFA Good for hips, OFA Normal for elbows, Optigen carrier, Improper Coat normal, CERF clear, GM-1 Normal (non-carrier), and JDCM 1-1 (normal).
